## Roles, Responsibilities, and Expectations Tarisya Ohorella, Indonesia

### 1) Role: Local Coordinator

A Local Coordinator in Students For Liberty is a student volunteer who is interested in developing leadership skills and becoming an advocate of liberty.

### 2) Responsibilities

Our program aims to instill the ideas, skills, and values that every advocate of liberty should aspire to. As a participant in the program, you are responsible for behaving professionally by:

- Responding to emails and texts from staff and fellow coordinators within 48 hours.
- Attending [trainings](#), meetings, and other events to which you are invited.
- Promoting liberty by organizing events and helping others whenever possible.
- Reporting [SFL-related activities](#) on time.
- Submit your RREs.

For a more detailed description of what it entails to be a Local Coordinator, read the [Local Coordinator Handbook](#).

### 3) Expectations

Students who join SFL don't volunteer for a pat on the back. They volunteer to make a difference. To build a world where freedom, peace, and prosperity are the norm, not the exception. The Local Coordinator Program is your chance to dive in, challenge yourself, and be a part of something bigger than textbooks -**as a Local Coordinator, you are expected to organize at least two events annually.**

**You have to submit the RRE and finish them as one of the condition to be able to go to Regional Retreat FY25**

**We also provide gamification point after you do activities**

Choose from the options below to report your activities and claim your points.

You will receive a notification confirming your points once your reports have been checked by staff.

Aim to report all your activities within 14 days of them occurring.

If, for some reason, you missed the 14-day deadline, please contact your local program's staff for assistance.
